SIMMONS COLLEGE

BOSTON, MASSACHUSETTS

No way is new but the old.
In the blending of diverse and fractured routes
Our silent path wanders in a spiral curve,
Mingling sun with shadow
Various, yet steady
As each new path lends focus to the whole.
The individual returns unto himself
Enlivened with the total sweep
Of an expanding view.

The hustle of first week,

frantic smiles at frosh picnic,

and the wonder

of a new setting.

*Convocation clarifies
educational ideals,*

and college life

acquaints us with the Formal.

Scope Weekend brings . . .

Recreational stretch and pull . . .

and the vigor of competition . . .

give way to . . .

the unity of song.

*The printed word
captivates the mind,*

keeps the desk

piled high,

and the fingers busy.

Different backgrounds

broaden and enrich the cultural scene.

Student representatives

set the goals and policies of the college scene.

In a swirl of dance, spirits

ount

sparked by the season's childlike mirth . . .

. . . winter's toast spreads an atmosphere

of student-faculty rapport.

From far and near

to study

or

to play

DEAN ELEANOR CLIFTON

HELEN HERZOG

PRISCILLA McKEE

under sensitive care and counsel.

THERESA COYNE

FLORENCE SILVER

MADLINE CARTWRIGHT

VIOLA BENSON

Reasons of the heart

discover a muted joy in local landscapes

or in the vast horizons of the city.

Modern Dance lends the delight of rhythm.

*A world composed of fragments:
 The view grows more complex.
 Discoveries increasing
 And enlarging both
 The ways of the city
 And the self,
 Traveled alone,
 Moving onward
 And returning . . .*

... To a more familiar ground.

Dramatic feats

transfigure a living image

and a burst of spring

transforms a back-yard world

where hours of self-amusement

and

absorption

lead to the final glory of arrival.

*I am grateful
to this fine class for their many contributions
to the strengthening of our college.*

*It is my hope
that each member of the class will experience
great benefit from her years at Simmons,
and that she will continue to study in the fields
of her special interests.*

*We are proud
to send you out to join the alumnae body
and are confident that you will individually
and collectively add your strength
to the strong link between this organization
and the college.*

WILLIAM E. PARK, *President*

The art of being a non-conformist

or why many perceptive yearbook
staffs prefer a very distinguished
publishing house

Retaining one's individuality is not easy in these days of mass production and standardization. This is especially true of yearbook publishing, in which mass production methods have the tendency to force one to buy just what the other fellow buys.

Making of soap or soup or salad dressing by mass methods is one thing. But it is quite another to attempt to produce a creative yearbook by trying to squeeze it into some pre-conceived mold. It just can't be done that way.

The Wm. J. Keller firm brings together highly trained craftsmen, the very finest papers and ink of superlative quality. Add to these a unique service plan built around the individual school, and, finally, production by the Velvatone process, which Keller perfected especially for the printing of yearbooks, and you have a truly distinguished performance. And a yearbook with singular character and individuality . . . we call it "THE LOOK OF THE BOOK."

The yearbook you are presently leafing through is the product of the Keller custom program. If you would care to see other examples of "THE LOOK OF THE BOOK" as produced by Wm. J. Keller, get in touch with us now.
